Shibaura Institute of Technology, Tokyo Institute of Technology

Cooperation by

Hokkaido University, Tohoku University  
Nagoya University, Kyoto University, Osaka University

Organized by

Japan External Trade Organization, JETRO, is holding an online networking event with students and global companies, thanks to cooperation from more than 10 universities in Japan on Nov. 26, Fri from 4 pm to 6:30 pm.

■ About the event and participating students

<Who are the active global companies in Japan?>

<What are the talents and skills required at global companies?>

Please visit the participating companies' online booths (breakout rooms) and ask questions freely. The event welcomes not only Japanese students, but also global talent students studying at universities in Japan.

The event welcomes a wide range of students studying at universities, including exchange students. There is no requirement regarding the major/ grade level you belong to.

The purpose of the event is to improve students' understanding of global companies and to expand your career options, and is not aimed at job placement.

JETRO have asked participating companies to refrain from giving information related to recruitment activities (e.g. recruitment terms), nor conducting recruiting interviews during the event.
